## ARMAAN - CENTER FOR CHILDREN WITH DISABILITIES

At ARMAAN, our newly launched Center for Children with Disabilities, children now receive the education, therapy, and care they need to thrive and reach their full potential. Alongside it, our newly opened **Physiotherapy Center** is helping children gain strength, mobility, and confidence — empowering them not just to survive, but to thrive. These centers are more than facilities—they're a promise to the community, a foundation for a better future.

## OUR STORY

Pennies for Education and Health (PEH), founded in 2004, works towards transforming the lives of children and their families. PEH attempts to rectify systemic injustices by providing the adequate resources for Education and Healthcare. It accomplishes this goal through a donor sponsorship program.

By donating to PEH, you can create a lasting impact that will create a more equitable society.

## WHY CHOOSE US?

*OUR COMMITMENT TO WELFARE!*

- 100% of contributions go towards our programs.
- 100% of the funds go to less fortunate students across India, especially students in Gujarat, Maharashtra, Andhra Pradesh etc
- Training and skills development are offered to students through internship opportunities.
